1. Overview

This is a collection of card games including Poker, Blackjack, Solitaire, Red Dog and HiLo.

2. Requirements

You must be running Blackberry OS 3.7 or higher.

3. Installation

Please visit our website at www.javatekmedia.com to obtain the latest version of this software.

3.1. Install wirelessly using the Internet

Open the Internet Browser on your Blackberry.

Go to <http://javatekmedia.com/downloads/cardpack.jad>

Click download.

3.2. Install using the Desktop Manager

Unzip this file to a directory on your computer: You can download it here if you don't have it:

<http://javatekmedia.com/downloads/cardpack.zip>

Place your Blackberry in the cradle or connect directly using your cable.

On your computer, open the Desktop Manager.

(This is usually located in the Start button under "Programs" → "Blackberry" → "Desktop Manager")

Make sure that the Desktop Manager says "Connected" in the title bar.

Click on the "Application Loader" icon.

Select Add and follow the prompts.

4. Other Products

trackIT: Vehicle Edition

Most extensive Vehicle tracking system for Business and Personal use. Tracks maintenance, mileage, fuel, expenses and more. Loaded with features and very simple to use.

trackIT: Expense Edition

Export to Quicken, create subcategories, split an expense into multiple categories, use multiple currencies, schedule expenses, use password protection and much more.

trackIT: Currency Edition

Receive over 50 currencies updated daily. Includes a built in currency calculator and also integrates directly into our product, trackIT: Expense Edition, for hassle free updates.
